Dealers Notice

Ordering C-Map Chart Licence

After completing installation of C-Map CM-93/3 Database it is required to generate a chart licence order for the Zone and Area required by the end user. This is carried out in the 'TMQ C-Map Chart Manager' from within C-Plot Pro Version 8.

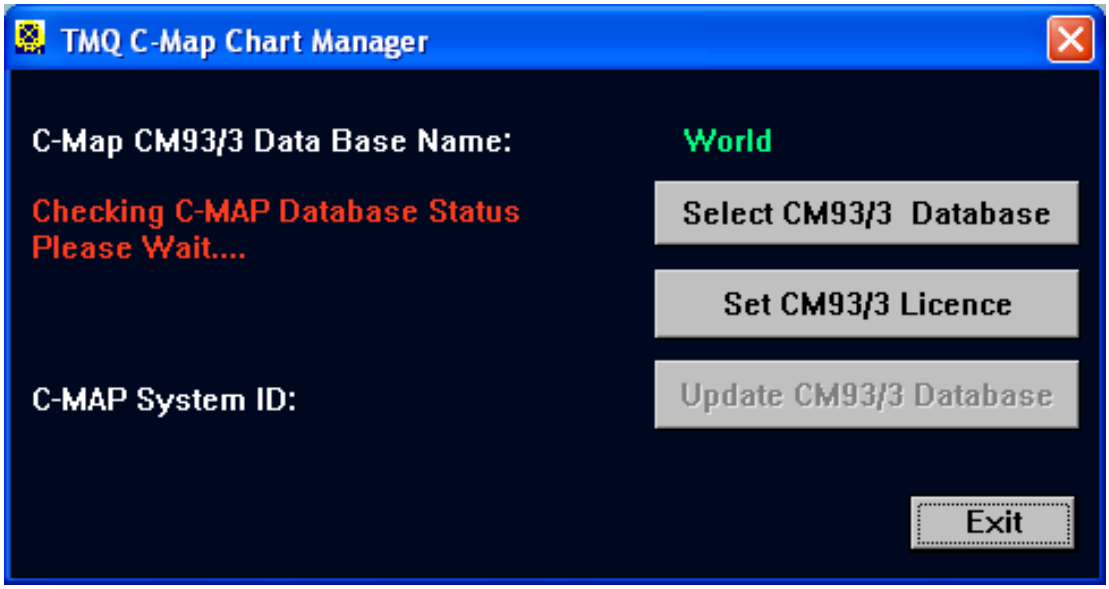
Access Sequences:

→ → 'Charts' → 'Config' → 'C-MAP'

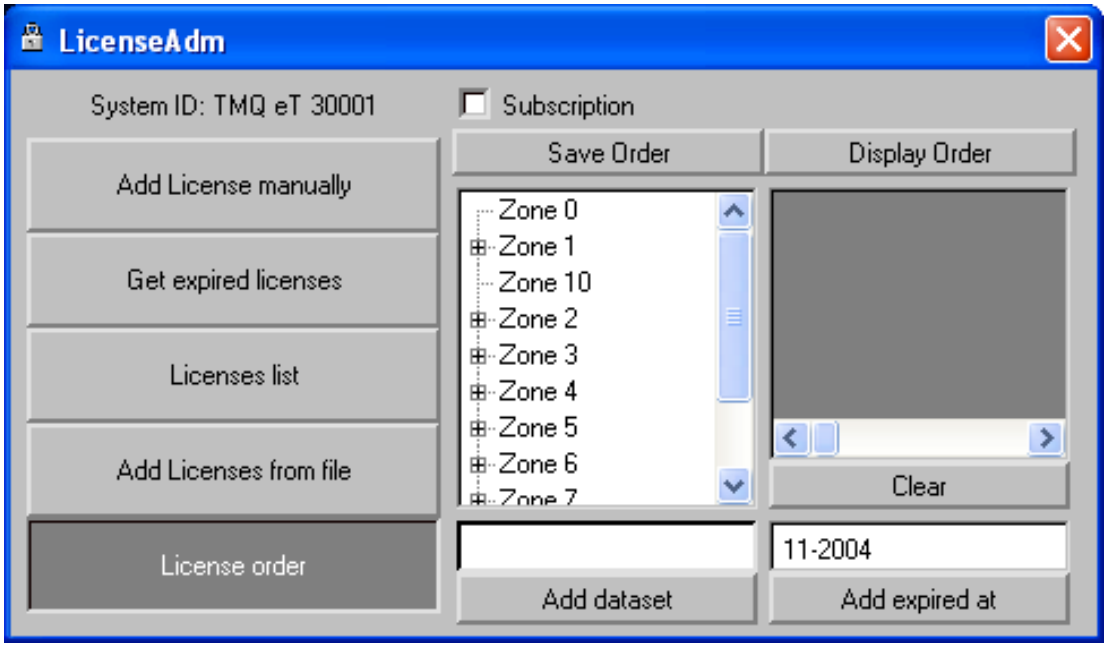
Press 'Menu' → 0 → 6 → 2

Press Alt+M → 0 → 6→ 2

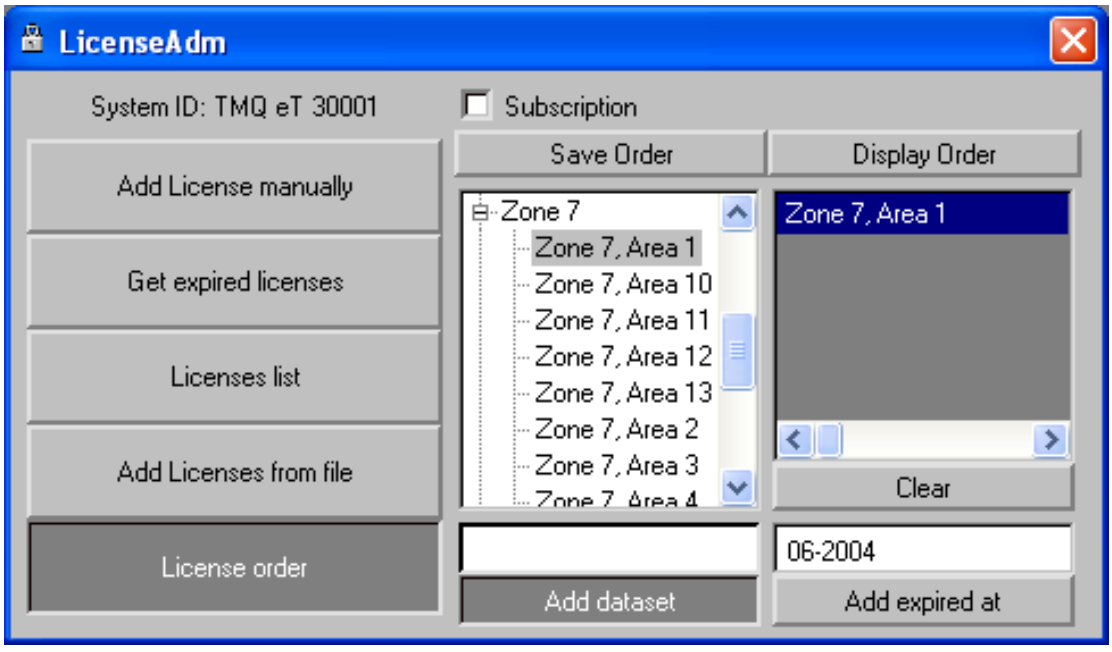
The 'TMQ C-Map Chart Manager' window is displayed
Click the 'Set CM93/3 Licence' button. You may have to wait for 30 – 60 seconds for the C-Map eToken to be interrogated before the 'Set CM93/3 Licence' button becomes active.



The ‘LicenseAdm’ window is displayed, as shown below. Select ‘Licence order’

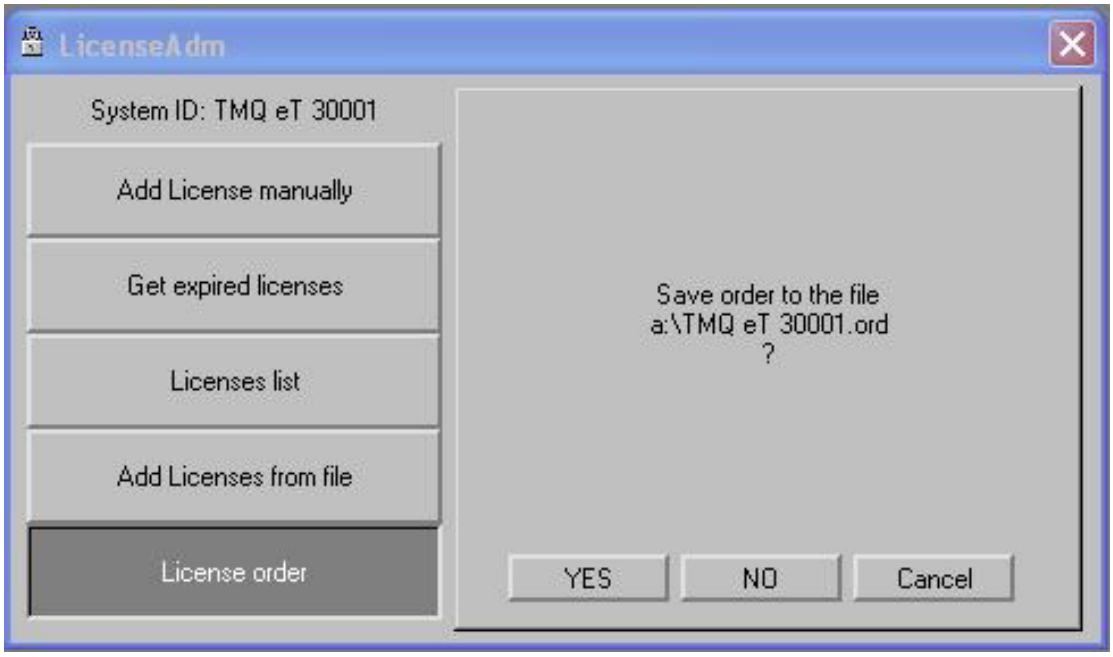


Select the Zone and Area required (by double left clicking the mouse on the Zone and Area required). {Below Zone 7, Area 1 has been selected} Select the Subscription option if the customer requires updates.



Click the ‘Save Order’ button when the correct Zone and Area selections have been completed.

Select YES to save the order to Floppy Disc.



Send the order file to your C-Map representative.

Upon receipt of licence file (password.usr) from C-Map follow the procedure as set out in the C-Plot Version 8 Installation Manual.
